

8/12/18

Dear Brenda,

From the first day I met you, at the tender age of eight, it was then I knew you were meant to do great things. Your tenacity, your drive, your spirit and your joy were all indicators of the manifestation of the Powerful young woman you are today.

As you know, I struggled in the area of finance and wealth building because I lacked critical mentorship in that area. It is my pleasure and honor to be that presence in your life and to seed you \$100 to jumpstart your investment career."

With your acumen and energy to gain wisdom in this area, I'm confident you will grow this \$100 into a million before you reach retirement age. I'm donating this seed to you in honor of my grandmothers, Delia M. Cantrell & Emily V. Jefferson who gave me my boldness & compassion to be a strong giver.

I look forward to continuing our mentorship and I know you will grow wealth for you, your future family and your community. May God bless you!

Love,  
Ms. Mary Letford
